

The Richfield Joint School District No.1 is committed to equal educational opportunity,

The right of the student to be admitted to school and to participate fully in curricular, co-curricular, student services, recreational or other programs or activities shall not be unlawfully abridged or impaired because of a student's sex, race, religion, color, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, physical, mental, emotional or learning disability, or any other legally-protected status or classification. Accordingly, the School Board prohibits all forms of unlawful discrimination against students, regardless of the legally-protected status or classification that serves as the basis for any prohibited discriminatory conduct, policy, or practice. When based upon a legally-protected status or classification, examples of unlawful and discriminatory acts can include:

1. The denial of admission to any public school;
2. The denial of participation in, equal access to, or the benefits of any curricular, extracurricular, student services, recreational or other program/activity;
3. The discriminatory and inequitable provision of resources among comparable curricular or extracurricular programs;
4. Any action, policy, or practice, including segregation, bias, stereotyping, or student harassment, which is detrimental to a person or group of persons and differentiates or distinguishes among persons, or which limits or denies a person or group of persons opportunities, privileges, roles or rewards based, in whole or in part, on a legally-protected classification or characteristic.

Children of homeless individuals and unaccompanied youth (youth not in the custody of a parent or guardian) as identified under federal law shall have equal access to the same free, appropriate public education, including comparable services, as those provided to other children and youth who reside in the District. Homeless children and youth shall not be required to attend a separate school or program for homeless children and shall not be stigmatized by school personnel.

The District shall provide all appropriate and legally-required accommodations, educational services, and/or programs for students who have been identified as having a disability, regardless of the nature or severity of the disability and regardless of whether the student qualifies for the District's special education program. Facilities modifications necessary to provide for appropriate access and participation for persons with disabilities shall be made to the extent required by law. School technology shall be a mandatory component of the school board's periodic evaluation of the status of nondiscrimination and equality of educational opportunity in the school district.

The District shall also provide for the reasonable accommodation of a student's sincerely held religious beliefs with regard to examinations and other academic requirements. Requests for such accommodations shall be made in writing and shall be submitted to and acted upon by the building principal. Accommodations may include, but are not necessarily limited to, being excused from participation in an activity, alternative assignments, release time from school to participate in religious activities, and opportunities to make up work missed due to religious observances. Any such accommodations granted under this policy shall be provided to students without prejudicial effect.

This policy shall not be interpreted to prohibit the District from (1) providing special programs or services based on student need, including gifted and talented, special education, school-age parents, bilingual bicultural, at risk, and other special programs; or (2) placing a student in a school, program, class, or activity based on objective standards of individual need or performance. All District career and technical education opportunities will be offered to students on a nondiscriminatory basis and in a manner
